USING THE DIRECTORY OF COMMUNITY MENTAL HEALTH SERVICES

This directory is designed with streamlined entries to help you find agencies offering the kind of assistance you need. The Department of Community Mental Health works with a broad range of local providers to address issues of mental illness, intellectual and developmental disabilities and alcohol and substance abuse. Each entry includes an agency name, address, website, telephone number, hours of operation, ages served, and a brief description of services available. Because these details may change over time, please contact the agency for the most up-to-date information.

Fees are not included in this directory because that information can change often. Many agencies accept Medicare, Medicaid, and private third-party insurance plans. Agencies also use sliding scales based on income to determine fees. ***It is the Department's policy that no Westchester County resident will be denied services because of an inability to pay.***

The indexes found at the back of the directory provide various ways to search for information. In Index I, agencies are grouped by the disability they treat. Index II lists agencies by the geographical area of the county they serve. This will help you find assistance convenient to where you live or work. Westchester's residents are free to seek help at any agency listed, anywhere in the county.

Finally, please note that emergency telephone numbers are listed inside the front cover.

Tarrytown, NY 10591
345-5900 Ext. 7518

Children's Case Management Services

Children's Case Management Services include Intensive Case Management and Home and Community Based Services Waiver. Both services are targeted to children who have social, emotional or behavioral challenges. The goal of each program is to provide individualized, community-based care coordination to children and their families where serious emotional disturbances on the part of a child threatens a family's ability to keep the child at home and in their community. Specially trained Individualized Care Coordinators experienced in working with children who have serious emotional/behavioral issues meet regularly with children and families in their homes to develop individualized service plans. Referrals required through DCMH Single Point of Access (SPOA). Services are provided in the home and in the community.

345-5900 Ext. 7521

Hours: Monday - Friday 9 a.m. - 5 p.m.
24 Hour Emergency Coverage
Ages: 5 - 18 Years

Employment Services

Employment Services enables adults and older adolescents with serious mental illnesses, who have not worked or who have had unsuccessful employment experiences, to secure employment in integrated work settings with long-term supports. Employment Services help individuals who have psychiatric diagnoses prepare for, choose and maintain employment, and assist employers in finding valuable employees. Staff have specific training in providing recovery-oriented supportive employment services. Services include Diagnostic Vocational Evaluation, Work Readiness, Cognitive Remediation, Supported Employment, Individual Placement and Support Model (IPS), Direct Placement Services, and Youth Works.

29 Sterling Avenue
White Plains, NY 10606
949-7035 Ext. 7119

Hours: Monday - Friday 9 a.m. - 5 p.m.

Ages: Adults

Housing Services

MHA offers Treatment Apartment and Supported Housing for adults in recovery from mental illnesses. The philosophy of MHA's housing programs is based on the belief that individuals who have psychiatric diagnoses can recover and make choices in regards to their living, working and social environments allowing individuals to live the most independent lives possible. MHA's Rutherford House/Longview Apartment Program is a congregate care level II facility licensed by the Office of Mental Health as an Apartment Treatment Program (ATP). MHA's Supported Housing program is a non-licensed program that offers scattered apartments to individuals throughout Westchester County, assisting them with rental stipends and direct support around independent living. Residences and apartment located in White Plains, Yonkers and other sites throughout Westchester.

345-5900 Ext. 7510

Hours: 24 Hours

Counseling/Mental Health Services

Phelps Counseling Services are certified by the New York State Office of Mental Health to provide group and individual therapy services to adolescents (16 years of age and older), young adults, adults, older adults and families.

The counseling services provide assessment and treatment by board certified psychiatrists, nurse practitioners and Licensed Clinical Social Workers.

Treatment includes: group, individual, couple and family counseling; medication management; crisis intervention; case management; support for social issues such as divorce, illness, career changes and aging. Services in the Spanish language are available.

Hours: Each unit is open Monday - Friday, with evening hours available.

Adolescent Counseling Services

Phelps offers mental health services to adolescents 16 years of age and older. Treatment includes: group, individual and family therapy, medication management, crisis intervention and case management.

Older Adult Counseling Services

Phelps Counseling has created specialized groups for older adults. This program focuses on dealing positively with issues of aging including dealing with medical issues, depression, loss, stress, family issues, financial issues and other relevant topics that older adults are faced with.

Continuing Day Treatment Program

Certified by the New York State Office of Mental Health, the Continuing Day Treatment (CDT) program provides mental health services for individuals over 18 years of age who require more intensive treatment than they can receive in a clinic setting. The program treats serious mental illness, whether long-term or of sudden onset and offers a safe and supportive environment.

The program has a multidisciplinary team of staff including a full time Psychiatrist, a Registered Nurse, Licensed Clinical Social Workers, a Certified Rehabilitation Counselor, an Office Manager, Group Leader and a Secretary.

Our Group program is structured to provide services for clients with varying levels of need. Services include symptom management, medication management, health education, social

skill development, vocational guidance, case management and discharge planning. The program offers a variety of group therapies. Specialty groups include MICA, Cognitive Behavioral Therapy and Dialectical Behavioral Therapy. Other groups include Health Issues, Diabetes Management, Weight Management and Smoking Cessation groups. While CDT is primarily a group oriented program, patients are offered individual therapy with a professional staff member and individual meetings with the Psychiatrist as well.

To arrange for a tour, evaluation and/or admission, please call the program directly.

Phelps Continuing Day Treatment

315 South Highland Avenue
Briarcliff Manor, NY 10510
923-5700

Hours: Monday – Friday 8:30 a.m. – 4:30 p.m.

Alcohol/Chemical Dependency Addiction Treatment Services (ATS)

Phelps ATS offers two levels of care including Day Rehabilitation and Clinic Services.

All Phelps Chemical Dependency Services are certified by the New York State Office of Alcoholism and Substance Abuse Services (OASAS).

Phelps Addiction Treatment Services provides care for adolescents (age 16 and above) and adults of all ages who require substance abuse treatment and counseling. ATS is a full-service outpatient program providing day rehabilitation programs and psycho-educational clinic programs. Services include: psychiatric evaluation, medication management, individual and group therapy, co-dependency groups, vocational assessments and referral, and a DWI clinic. Relapse prevention is a central theme throughout the programs. All programs are designed to treat both the substance abuser, alcoholic and the dually diagnosed patient and are based on the 12-step philosophy.

Our multi-disciplinary team includes: Psychiatrists, an RN nurse, Licensed Clinical Social Workers and Credentialed Alcohol and Substance Abuse Counselors. Services in the Spanish language are available.

22 Rockledge Avenue
Ossining, NY 10562
944-5220

Hours: Monday through Thursday, day and evening hours are available.
Friday the program is opened during the day.
Saturday morning hours are available.

Alcohol/Chemical Dependency Adolescent Services

Phelps offers alcohol and substance abuse programs for adolescents 16 years of age and older. Treatment includes: group and individual therapy, educational and preventive groups, and group sessions that focus on relapse prevention and the maintenance of an alcohol-free and drug-free lifestyle. Family members are offered educational programs, support groups, and their own 12-step meeting referrals.

To arrange for an evaluation and/or admission, please call the program directly.

Health Home Care Management Program (Mental Health, Chemical Dependence, and Medical Illness)

Health Home services support the provision of coordinated, comprehensive medical and behavioral health care to patients with chronic conditions through care coordination and integration that assures access to appropriate services, improves health outcomes, reduces preventable hospitalizations and emergency room visits, promotes the use of health information technology and avoids unnecessary care. The Care Manager works with the patient to assure that the individual receives everything necessary to stay healthy, out of emergency rooms and out of hospitals if possible.

Health Home services include: comprehensive care management; health promotion; transitional care including appropriate follow-up from inpatient to other settings; patient and family support, referral to community and social support services, use of health information technology.

Health Home services are provided to a subset of the Medicaid population with complex chronic health and/or behavioral health needs whose care is often fragmented, uncoordinated and duplicative. This population includes categorically and medically needy beneficiaries served by Medicaid managed care or fee-for-service and Medicare/Medicaid dually eligible beneficiaries who meet Health Home criteria. Individuals served in a Health Home must have at least two chronic conditions; or a single qualifying condition (HIV or one serious mental illness). The chronic conditions include, but are not limited to, the following:

- Mental Health Condition
- Substance Use Disorder
- Asthma
- Diabetes
- Heart Disease
- Overweight as evidenced by a body mass index (BMI) of 25
- HIV/AIDS
- Other Chronic Conditions

To arrange for an evaluation and/or admission, please call the program directly. Phelps Health Home Care Management Program. Services in the Spanish language are available.

Crossroads Community Residence

Crossroads Residence is a 17-bed halfway house that has been in operation since 1991, and is licensed by the New York State Office of Alcoholism and Substance Abuse Services (OASAS).

We provide a safe and sober environment to help homeless men recover from substance dependence or abuse. Many residents have co-occurring mental health disorders; some also have on-going legal issues with histories of multiple arrests and convictions.

The Crossroads Residence staff members provide residents with comprehensive services designed to assist them in achieving lasting sobriety, independent living, and employment.

Services are designed to prepare clients for complete independence in three to nine months.

WESTCHESTER MEDICAL CENTER (WMC)

Behavioral Health Center
Valhalla, NY 10595
493-1778

INPATIENT SERVICES

Acute treatment for patients with mental illnesses provided on specialized units. Acute Intensive Care Unit is reserved for patients in acute crisis who require close monitoring and intensive treatment by specially-trained multi-disciplinary treatment team. Children's Unit and Adolescent Unit provide comprehensive evaluation and treatment in structured setting,

which includes on-site school. Adult units include special services for those with accompanying medical illnesses. All units provide individual, group and family psychotherapy, psychopharmacology, recreational and expressive therapies. Treatment focuses on reducing symptoms and moving the patient to outpatient care in the community.

493-7076

Hours: 24 Hours

Ages: All ages

EMERGENCY SERVICES

Psychiatric Evaluation and Referral Center

YAI/NATIONAL INSTITUTE FOR PEOPLE WITH DISABILITIES

Provides day habilitation, employment services, MSC (Medicaid Service Coordination), residential and recreational programs in Westchester. Other services available to Westchester residents in other locations are: rehabilitation, mental health, healthcare, vacation, camping, autism family support groups and information & referral services for infants, children, adolescents and adults with intellectual and developmental disabilities and their families.

Residential Services – offers adults with disabilities the opportunity to live in individual or small-group living arrangements in the community. The residences provide a homelike atmosphere for individuals across a broad range of developmental disabilities from those who require 24 hour assistance and supervision to those who need just a few hours of guidance a week. YAI has the following types of residential programs in Westchester: ICF, IRA and Supportive Living Apartments.

Day Habilitation Programs - assists adults to develop fundamental functional skills in the areas of personal awareness, pre-employment training, and understanding of community services. Evening socialization and skills training programs are part of the comprehensive day and evening services available.

Healthcare - providing top quality health services to people with disabilities. Services include: adult medicine, gynecology, dentistry and psychiatry. YAI also has centers for specialty therapy which provide the following: nutritional assessment, autism, psychological and psychosocial evaluations, counseling, speech, physical and occupational therapy and evaluation services in nearby Bronx location.

MSC (Medicaid Service Coordination) – service coordination assists persons with intellectual and developmental disabilities and their families in gaining access to services and supports appropriate to their needs.

Recreational, Vacation & Camping Services - structured recreation opportunities available for different age groups in Westchester. Vacation programs for adults, with a wide variety of day trips, weekend and longer vacations for more independent adults. A sleepaway mainstreaming camp at Frost Valley for children.

Employment Services – support and training program to assist individuals with gaining meaningful employment.

Autism Family Support Groups – regular support groups that meet in Manhattan are open to caregivers of individuals with autism spectrum disorder. Experts in the field present for one half with the second half being a support group.

Information & referral through YAI LINK. Providing support over the phone for people looking for information on services and how to access them.
